

November 1, 2011

To Central area CDS Chapter Chairpersons,

The San Luis Obispo Chapter of CDS is very excited to, again, be hosting the Amateur Clinic for the Central Area in 2012, and I am very happy to be organizing it for everyone. The clinician is JAN EBELING and the clinic will be held at Golden Hills Farm in the Paso Robles area April 13-15, 2012(CDS has changed the length of the clinic to two days of riding with the mandatory dinner/meeting on Friday evening).

The CDS Board has decided that each chapter may send an adult amateur to the clinic. The alternate from the first chapter to send in their check will have the first opportunity to fill any vacant spots. The AMATEUR CLINIC STANDING RULES state that Chapter's are to choose a rider and an alternate BEFORE THE END OF THE YEAR. We have secured a block of rooms for the clinic participants, but we will not be able to hold them very much after the first of the year. Once you have chosen your rider please have them fill out the following information and return it me so I can give them directions to the clinic location and hotel/motel information. The mandatory meeting on Friday night, April 13th, will be at Golden Hills Farm, where we are holding the clinic. There will be stabling available on site for the participants but stabling cannot be reserved until I have the CLINIC APPLICATION form back, and the Chapter payment. Please stress to your people that the rider and horse must be in adequate physical condition to be able to work for the whole lesson time, both days.

Please remind your members that anyone may be put on a waiting list. Any vacant spots not filled by chapter alternates will be filled on a first come/first served basis by who has sent me a \$150.00 check made out to CDS.

Please have your chapter treasurer send a chapter check to me for \$150.00 to hold your chapter's spot. Then, when you are able to make the selection, you can let me know who it is and have them send me the information on the form. *I must hear from all of the chapters or participants by March 30, 2012.*

Thank you,

Ellen Corob
